AQ AMIGO

Laptop Speaker for laptops and notebooks superior audio

Overview

Powered by the latest flat panel, bi-directional speaker technology and designed with space in mind, the AQ Amigo Laptop Speaker is a revolution in laptop audio.NXT 'Exciter' speakers are flat panel by design so the Amigo simply sits on top of the laptop screen, meaning you don't have any unnecessary clutter found with other PC speakers. Adding this to the simple USB plug and play feature offered by the Amigo, it means you can use your Amigo anytime, anyplace, anywhere. Whether holding a presentation, working in the office, watching a DVD in your hotel room or even having a Party, the AQ Amigo Laptop Speaker can add superior audio to any environment.
